

Easy LOADER

60

Fast Loading of Minced Products

The Easy Loader 60 is an automatic tray-filling system that transports products from processing, fills portions into trays, and forwards them to your tray sealer at a speed of up to 60 trays per minute.

Designed for high-volume productions of minced products, it ensures consistent, reliable, and efficient tray loading with minimal manual handling.

Flexible Tray Feeding

Compatible with both Rack and Buffer solutions, the Easy Loader 60 supports a wide range of denesting options, including Cleanline, LeanOne, and Smart denesters.

With fast, one-minute tray changeovers, it enables smooth adaptation across different tray types and layouts, ensuring maximum uptime.

Compact & Hygienic Design

Handcrafted in Denmark using stainless steel, the Easy Loader 60 combines a compact footprint with a hygienic, low-maintenance design.

It is easily integrated into existing production lines and built to withstand continuous use in demanding environments, delivering reliability, flexibility, and cost efficiency.
