

Easy LOADER

90

High-Speed Tray Loading

The Easy Loader 90 is built for maximum efficiency in high-volume productions of minced products. It automatically transfers products from processing, fills portions into trays, and forwards them to your tray sealer at speeds of up to 90 trays per minute, ensuring continuous and reliable operation.

Flexible Tray Feeding

Compatible with both Rack and Buffer solutions, the Easy Loader 90 supports a wide range of denesting options, including Cleanline, LeanOne, and Smart denesters.

With fast, one-minute tray changeovers, it enables smooth adaptation across different tray types and layouts, which secures maximum uptime.

Durable & Hygienic Design

Manufactured in Denmark from stainless steel, the Easy Loader 90 is engineered for durability, hygiene, and ease of maintenance.

Its compact footprint makes it simple to integrate into new or existing production lines, ensuring a robust, cost-effective, and high-performing automation solution.
