

Easy LOADER

COMPACT 135

Compact High-Speed Tray Filling

The Easy Loader Compact 135 is an automatic tray-filling system designed for high-volume production, handling up to 135 trays per minute. It forwards portions/products from your portioning system, fills them into trays, and delivers them to your tray sealer.

The compact footprint allows flexible packaging line layouts without compromising performance.

Flexible & Easy to Operate

Featuring an intelligent electrical control system, the Easy Loader Compact 135 can handle trays of various shapes and sizes, tailored to meet your exact requirements.

A one-minute changeover enables smooth switching between different tray sizes, which ensures minimal downtime.

Hygienic & Low Maintenance

Crafted in Denmark, the Easy Loader Compact 135 is built with a hygienic design and minimal moving parts, reducing maintenance needs and operating costs.

Engineered for seamless integration into existing or new automated processing lines, it delivers consistent, efficient, and reliable tray handling.
